

Lightroom

Library Mode

- *Navigator* (Left Panel)
 - Allows you to see Photos in different Views
 - Press the Space Bar to rotate through the Nav. View
 - Fit, Fill, 1 to 1 on the screen
- *Compare View*
 - On Tool Bar under the Photos (Note: if not showing press T)
 - Compare View (**XY**) icon
 - Helps in selecting the best photo
 - Brings up a Select or Candidate
 - Use the right Arrow Key to move through your photos
 - If you find one that you like better
 - Press the **X <- Y** icon (3rd from the right)
- *Survey View*
 - Use if you have several photos that are the same
 - Press Shift Tap to hide the panels – better view
 - Click on the first photo
 - Press the shift key down and select the last photo in the group
 - Then click on the **X** to remove photos you do not want
 - Only remove the photo from the Survey View – not from LR
 - Flag your top photo in that group
- *Marking Favorite Photos*
 - Press “**F**” for Full Screen
 - Press “**L**” for Light Out
 - Can Rate Photos
 - Flag – **P**
 - Rating – **1-5**
 - Color – **6-9** (zero)
 - Rejects – **X**
 - Auto Advance – Go to Photo->Turn on Auto Advance
 - Filter Menu
 - Button on Tool Bar under Photos
 - Can use to select marked photos
- *Reject Photos*
 - Any photo that is not worth keeping place an “X” on it
 - When finished go to Photo->Delete Rejected Photos

- Photos can be removed from only LR and/or the HD
